The Litios Light Crystals of the New Age are highly energized Light Tools that have been infused in a sacred way over a period of time by Archangel Metatron, the Crystal Angels and the Ascended Masters.

They are a great gift that guide, accompany and assist you in the ascension and transformation process.

About us

We have trained extensively for many years with the Litios Founders, Edwin and Antje Eisele, and are registered Litios Light Crystal Practitioners and Diamond Light Priests.

In 2011, we committed to bring the Litios Light Crystals for the first time to North America. Our vision is to do our part to heal the earth and raise her energies through the Litios Crystal Energies and according to the Divine Plan.

We will assist all those that are open to bringing transformation into their lives and we invite you to experience for yourself the gift, the clarity and the intensity of the Litios Light Crystals to support you in this.

We will be passing on our knowledge through lectures, trade shows, seminars, consultation and sessions.

Our individual work:

- * Chakra and Aura Harmonization using the Litios Light Crystals and Diamonds.
- * Identifying and transforming energy blockages, extraneous energies, etc.
- * Energetic Harmonization of Living and Working Areas with Crystal Energies
